- Enhanced security with CVV verification.
- Order with Multiple addresses supported.
- Enable payment options for all countries or specific.
- Set minimum and maximum order total to enable this payment method.
- On-site payment method, no need to leave Magento checkout.
- Secured by NMI Payment APIs

## 2. HOW TO USE AND CONFIGURE

This section will guide you to configure Rootways NMI Payment Gateway Extension or NMI e-commerce API. It's very easy and fast!

### 2.1 License Key Settings:

Log in to **Admin Panel** and then click **STORES → Configuration → ROOTWAYS EXTENSIONS → NMI Payment → Settings**.

Below is the screenshot of NMI Payment Gateway license key settings. Please enter license key for this extension that was emailed by us to you after your purchase.

The screenshot shows the 'Settings' page for the NMI Payment Gateway extension. At the top right, there is a search icon, a notification bell with '3', and a user profile icon labeled 'vish'. Below this is a 'Save Config' button. The main content area is titled 'Settings' and contains the following configuration options:

- Current Installed Version** [global]: 1.0.0. A link below it says 'Click here to check the latest version of the Rootways NMI extension.'
- Status:** [store view]: Extension Activated.
- License Key** [store view]: A text input field containing 'm2\_nmi@121\_e51d5f6dfdc4f7753b54a58ed9dcbca5'. Below the field is the instruction: 'Please enter license key for this extension that was emailed by us to you after your purchase.'
- Is Multi Store** [store view]: A dropdown menu set to 'No'. Below it is the instruction: 'If your website has multiple stores with different URLs then set this option to Yes and contact us at help@rootways.com for register multi-store license key.'

## **2.2 NMI Payment Method Management:**

Go to **STORES**→**Configuration**→**SALES** →**Payment Methods** →**NMI Payment Method -By Rootways Inc.**

You can see below screen. Fill up all required detail and save it.

**Payment Module for NMI (by Rootways Inc.)**
